PRICE REDUCED.

CUMMINGS'

AERATED

Seidlitz Aperient.

An elegant preparation representing the ingredients of the waters of the celebrated springs of Seidlitz and Egra, in Bohemia, as determined by several accurate analyses.

A refreshing, effervescent, saline beverage, highly agreeable to the taste, portable, simple in its mode of administration, and by the experience of eighteen years demonstrated to be a specific for

Constipation, Deficient appetite, Nausea, Flatulence, Headache, Torpidity of the Liver, Jaundice, Inflammation of the Kidneys, Gout, Febrile disturbances of the system, and Derangements of the digestive economy.

In its primary effect, refrigerant, laxative, aperient or purgative, as may be desired and, according to the dose; and in its secondary, alterative, stimulating, tonic, and corroborative of the entire vital functions.

Especially commended to travelers, military and naval officers, and all others exposed to atmospheric vicissitudes, to sudden changes of diet and water, and to malarial influences. It has been put to the extreme test of use at the Isthmus of Panama, as a protection against the deadly miasms of that climate, and with triumphant success, as shown by testimony in our possession.

Prescribed by Physicians.

ENDORSED

by testimonials of Eminent Scientific Men, and many prominent men, who speak from an extended experience.

Price 75 cents; former price $1 00.

Sold by all druggists, and at wholesale in Portland, by Messrs. W. F. Phillips & Co., J. W. Perkins & Co., W. W. Whipple & Co., H. H. Hay, G. H. Knight & Co., and the Manufacturers.

Proposals for Altering and Repairing the Light-House Tender "Iris."

TREASURY DEPARTMENT,

OFFICE LIGHT-HOUSE BOARD.

Washington City, June 23, 1871.

SEALED PROPOSALS will be received at this office until 1 o'clock P. M., on Friday (the twenty-eighth day of July next, for altering and thoroughly repairing the Light-House Tender "Iris," now at Portland, Maine, where she may be examined at any time,) according to the printed, detailed specifications, and plan of the vessel, which will form a part of the contract, copies of which may be obtained upon application to the Light-House Board, and at the offices of the Light-House Inspectors at Boston and Portland, and also at the Custom-Houses at Portsmouth, N. H., and Ellsworth, Maine.

Bidders are required to state (in submitting their bids) the time within which they will contract for the entire and satisfactory completion of the work according to the terms of the specifications, in case of acceptance, and to be guaranteed by satisfactory security.

For full details, see printed specifications, plan, and the form of bid and guarantee required. The right is reserved to reject any bid, or all bids, for reasons other than the price that may be named.

All bids must be carefully sealed and enclosed "Proposals for Altering and Repairing Light-House Tender "Iris," and then be placed in another envelope and addressed, for delivery in person, or be sent through the mail *prepaid*, to the "Chairman of the Light-House Board," Washington City.

je27eod4w W. B. SHUBRICK, Chairman.

PROPOSALS

SEALED Proposals will be received by the Special Committee of construction on the new Ferry Landing at Ferry Village, Cape Elizabeth, until Saturday, the 15th inst, at two o'clock P M, for the following labor and material, viz:

Proposals per cu. yd. or ton, for some three hundred or more cubic yards small and medium sized grouting, to be delivered on the site of the new Ferry landing, at Cape Elizabeth, at such points, in such manner and to such depth and width for some two two hundred feet in length as may be deemed sufficient to raise the bottom and prepare the bed for a proposed breakwater wall.

Also proposals per cu. yd. for some thirteen hundred yds. best quality Block Stone from Cusco Bay, delivered on the site above named and layed in a Breakwater Wall. The same to be large, heavy stone, laid in the main transversely, and closely packed with small stone. The wall is to be double faced, and coped with stone in no case less than two feet wide by one and one half feet rise and six feet in length.

Proposals will be received for the wall either with or without the coping. Also for the coping alone.

Plans and specifications of the work may be seen and proposals forwarded to the office of Pickett & Henley at Ferry Village.

C. E. Staples, Esq., Engineer in charge may be consulted with plans &c, at No 24 Exchange street, Portland, on Wednesday, 12th inst, from 2 to 6 o'clock P M.

The Committee reserve the right to reject any or all bids.

R. S. SMART,
CHAS. HANAFORD,
CYRUS COLE,
Committee of Construction.

Mill for Sale or Lease.

SITUATE in Wilton, near the Wilton Depot, one Mill with never failing water power. The building is 64x40, three stories. Suitable for woolen or cotton manufacturing. The building, wheel and shafting is all new, can rely on about 60 horse power the entire year, no trouble from freshets. The property will be sold in yearly installments if desired. A saw and shingle and lath mill connected, will be offered with the above property if wished for.

For particulars inquire of

my11d,wtf CHARLES BARTLETT, Wilton.

Fine Suburban Residence for Sale.

The subscriber offers for sale his modern-built residence situated on the eminence overlooking Woodford's Corner, Westbrook. It contains 12 good-sized rooms, with an excellent cellar, is supplied with an abundance of hard and soft water, and it is in a good state of repair. There is a large stable on the premises. The grounds embrace two acres, handsomely laid out, and on which is a fine vegetable garden, the vegetables to be sold with the house.

This is one of the finest locations in the vicinity of Portland—within five minutes' walk of the horse-cars, and affording a fine view of the city, harbor, ocean, and the surrounding country. Price $9000. One-third of the purchase money may remain on mortgage if desired. Possession given immediately. Enquire of SAM'L JORDAN, ESQ.

P. S. A grove containing two acres adjoining on the south, also an acre of tillage land on the north, will be sold with the premises, if desired. aug25-tf

School Vacation

OFFERS AN OPPORTUNITY to the Young to receive such treatment and instructions as their teeth require. The children should visit the dentist as often as once in three months to insure a regular and healthy development of the teeth.

I would urge more attention to the children's teeth than is generally given, especially to the deciduous, or first teeth; give them as much attention at least, as is given to their dress. Do this, and my word for it, there will be, in after years, but little occasion for artificial teeth.

It should not be forgotten that **Nitrous Oxide** is administered daily for extracting teeth, with the greatest satisfaction by

BONDS.

New Orleans, Mobile and Texas

Railroad Company

Are building a trunk line, connecting New Orleans with Mobile on the east, and giving

THE ONLY RAILROAD CONNECTION

between the former city and the great and most productive State of Texas on the west, the total distance from Mobile to Houston being 475 miles.

The Company is composed of strong Northern capitalists, who have already expended nearly **TEN MILLION DOLLARS** of their own funds in the construction of the line. They have built about 225 miles from Mobile westward, and secured by purchase of securities and made provision for the thorough repair and equipment of the 108 miles constituting the Texas division; leaving but 140 miles to be built

To Complete the Entire Road.

It is believed that no other railroad corporation in the country has ever made so large an expenditure from its own means before offering any of its securities to the public.

The Company now offer for sale the

Eight Per Cent. Mortgage Bonds

upon the Louisiana division of 226¾ miles from New Orleans to the Sabine River. This will probably be the most valuable portion of the whole line, as it will be the only rail communication by which the enormous productions of Texas can reach the Southern metropolis.

So important is this road considered to Louisiana, that the State has made very liberal grants in aid of the enterprise, by direct donations, by endorsement of its bonds, and by subscriptions to the stock of the Company, amounting in all to over eight million dollars.

The Bonds now

DAILY PRESS.

PORTLAND.

THURSDAY, JULY 13, 1871.

For Governor:

SIDNEY PERHAM,

OF PARIS.

Mr. Kimball's Letter of Acceptance with Explanatory Notes.

Brevet-Governor Pillsbury and certain others, who were appointed a Committee for that purpose, having informed Mr. Kimball that he is the Democratic candidate for Governor, the latter gentleman promptly responds that he accepts the nomination "cheerfully." So far, we believe, there is no disposition to question Mr. Kimball's sincerity, either among his friends or opponents. But, like Henry Clay, Gen. Scott and other distinguished men, the Democratic candidate has a weakness for writing letters, and, if he is not checked in the indulgence of this luxury by judicious friends, he will do himself and his party great harm. Instead of stopping with the acceptance, he is moved to continue as follows:

I am pleased to learn that the Convention was harmonious and united on all the great questions which have made the history of our party illustrious; that we stand together now as in the past, and proclaim our undeviating devotion to the constitution of our country under all circumstances, in broad and honorable contrast with those who have stigmatized that sacred instrument as "a covenant with death and a league with hell."

If contention in committee and in the convention itself on the most important questions that came before that bo[illegible] vordy strife between that [illegible] Emery, and chiva[illegible], (if some [illegible] vo[illegible], it is not [illegible] a strong hold on [illegible] this strife and that other [illegible] whether the constitution should [illegible]commended or denounced, a compromise being finally effected by the convention's doing both, constitute "harmony" in a Democratic convention, then Mr. Kimball "is pleased" not without cause. And if "denouncing the means by which the constitution of the United States became the supreme law of the land" constitutes a consecration of the party to that instrument Mr. Kimball has still further reason to be gratified. "My dearest Araminta," says the impassioned lover, "I am insolvent and your money will pay my debts; therefore I accept you, but I can never forget that your birth is illegitimate."

But hold—Mr. Kimball does not confine himself to vague generalities; he tells us in three concise sentences what he regards as "the pressing demands of the hour." First:

The strictest honesty and economy in all public expenditures; that we may in good faith gradually extinguish the public debt, and in a measure relieve the terrible burdens of taxation now pressing so heavily upon the people.

Good. If Mr. Kimball should be Governor about the time of the Greek Kalends he would no doubt bring all these things to pass, it being well known that the Governors of States are accustomed to issue their directions from their respective capitals with reference to the reduction of taxation and "honesty and economy in all public expenditures." Besides, Democrats do things cheaper than other folks, whether it is managing the affairs of a county or a nation.

Most people remember how little it cost the Democratic sheriff of Knox county to hang Clifton Harris. But there may be some people who have forgotten that it costs the Democratic authorities of that county much more to manage its business than it did the Republicans who were ousted because of their "extravagance." This experiment, being the only one of the kind in Maine, is worth remembering.

People remember, too, that in Connecticut, the only New England State that has been Democratic for many years past, the English government has been far more extravagant than that of the Republicans when they have been in power alternate years. The last year Jewell was Governor and the Republicans had the control of the Legislature a material reduction of expenditure was effected.

It should be remembered, too, that in the strongest Democratic city in the Union, the recently published statement of Dexter A. Hawkins, Esq., shows that *the annual expenditure is equal to about half of that of the United States government!* The most of this money goes into the pockets of the managers of the Tammany ring, the influence of which is now dominant in the Democratic party and which is reaching out its hands to lay hold on the Treasury of the United States.

And there is no end to the occasions on which Democrats have proved the sincerity of their devotion to economy. They voted against the acts of Congress reducing taxation eighty millions a year; they voted against the funding bill which, when carried into effect, will reduce the annual interest charge nearly twenty-four millions of dollars, they have uniformly voted against *all* the reformatory measures that have been introduced in Congress.

Second, Mr. Kimball recommends

Such a change of tariff, with a view to revenue only, as shall restore labor to an equality with capital, and especially relieve the shipbuilding and commercial interests, which have been well nigh destroyed by adverse congressional legislation.

This is a little vague, but perspicuity is impossible when the Pennsylvania Democrats have just resolved in favor of such a modification of the tariff as will protect the industries of that State (coal and iron) and it is necessary to be "harmonious" with them.—On the tariff question, Democrats, like Republicans, are divided into three parties: free traders, protectionists and persons who occupy the middle ground called "revenue reform." While Pennsylvania and Connecticut send to Congress Democrats who are as radical protectionists as "pig-iron Kelley" himself, it will be impossible to make the tariff issue of much avail.

Mr. Kimball's third point is that we should

Encourage by every suitable method, by just and equal laws, the spirit of public and private enterprises and mechanical industry, and to help the laboring classes in all practical ways to improve their condition to the largest extent.

This statement is made on the presumption that the people have forgotten that the real Democratic doctrine, which has hardly been abandoned yet, is that capital should own labor, and that the taxes from which the laboring classes now suffer, are occasioned by a Democratic rebellion carried on for the maintenance of that doctrine.

Why Mr. Kimball's Letter Was Delayed.

An anonymous correspondent, writing to us before the publication of Mr. Kimball's letter of acceptance, and rebuking us for the tone of our articles touching that gentleman, expresses the opinion that the Democratic candidate will receive a large part of the temperance vote. He says:

It would not surprise many of our Republican voters (if certain pledges are obtained from Mr. K.) that he should receive in the State a large number of temperance votes. Some of the leading officers of Temperance Lodges favor the movement and have already gone so far that Mr. Kimball withholds for the present his letter of acceptance, with a view to its being so worded as to be acceptable to them and not objectionable to his political friends. Should this be accomplished, as now contemplated, of which there is but little doubt, and there exists the same indifference in regard to Mr. Perham's election it would not surprise many should Mr. Perham be defeated.

So *that* was the reason that Mr. Kimball's letter was withheld! And he found it, poor fellow, too intricate a problem even for his genius to "word it" so as to be "acceptable" to prohibitionists and at the same time "not objectionable to his political friends?" No wonder. Louis Napoleon couldn't do it in his best days, though he accomplished some little things in that line that were accounted rather creditable. He imposed his despotism on France in the name of liberty, and got himself well praised for it. But the Democracy are jealous in regard to their whiskey, and though Mr. Kimball might deftly deprive them of any other of their cherished rights, they are so vigilant with respect to their right to drink rum, that they would scent his purpose afar off and thwart it. Like the noble race spoken of by the poet Hay, the Democracy "know their own whiskey skins." The prohibitory code they have always regarded as the most obnoxious of those sumptuary laws invading the dearest rights of individuals, that show the despotic, centralizing tendencies of Radicalism. They are ready for any new departure but a departure from their time-honored practice of drinking spirituous liquors. For the sake of political power some of them can even be induced to forego their cherished privilege of cursing the nigger, but no temptation is sufficiently strong to cause them to shake the very foundations of their party organization by speaking disrespectfully of ardent spirits.

Our correspondent, who is so much displeased with the pleasant notices we have felt compelled to give Mr. Kimball on account of the studied neglect with which he is treated by the *Argus* and other Democratic papers, should remember that we were the first to nominate that gentleman for the position he now proudly holds. He should also beware of spreading such reports as this one—that the officers of temperance lodges would under any circumstances support Mr. Kimball. No doubt some of that gentleman's friends got it into their heads that his letter of acceptance might be couched in such terms as would conciliate the temperance men, but we do not believe that the latter were ever parties to the scheme.

PRESIDENT THIERS cannot get out of his mind the idea that the Pope is a temporal ruler, and consequently has a right to be restored to his throne in Rome. He forgets that the kingdom of His Holiness "is not of this world." In 1849 the French Republic, laboring under the same mistake, restored the Pope to his temporal throne and kept him there against the protest of the people. Now Thiers humbly volunteers an apology for not being able to send an army to compel the Italian people to submit to a government of which they have freed themselves, and which they detest. Thiers, if a Republican, ought to know that all right government has its authority from the consent and by the will of the governed, and that any attempt to override this right by the imposition of a ruler upon a people that it detests, is a violation of the first principle of republicanism and in harmony with the idea of the divine-right-of-kings that France so decidedly pronounced against in the recent election. If Thiers will only give his attention to his own country and cease to meddle and plot against the unity of Italy, the friends of freedom will entertain a greater respect for him than his past history and present meddling entitle him to.

Political Notes.

There is a Democrat in Iowa who is still making speeches on the Lecompton Constitution. It is predicted, however, that should he come down to the attack on Fort Sumter by October, he will vote for Judge Knapp for Governor out of old friendship.

It is understood that Ex.-Gov. Richard J. Oglesby is to be the Republican candidate for Congressman at Large in Illinois, in place of Gen. John A. Logan, now in the Senate.

Hon. Daniel W. Voorhees announces his intention to retire from political life at the close of his present term in Congress. His sole wish in connection with political affairs is to secure the Democratic nomination of Mr. Hendricks for President in 1872, believing that he is the only available man.

Kentucky is alive with stump speaking. Nearly all the candidates of the two tickets go about in pairs discussing public issues before the people. The Kentucky election comes off August 7th, and will be the next in order.

The Philadelphia "Press" suggests that the following anecdote from a southern paper is intended to illustrate the democratic new departure: "A North Carolina negro who has been a wandering idiot from a blow received on the skull while a servant in the Confederate army, was the other day subjected to a difficult operation at the hands of a skillful surgeon. His first gleam of intelligence after the result of the operation was as he opened his eyes, and said: "We was done gone fo' at Manassas, yesterday. Wha' is we to-day."

THE Springfield *Republican*, prominent for its opposition to President Grant and frequently so doubtful in its republicanism as to be mistaken for an opposition organ, says:

The enemies of Gen. Grant are doing more just now to secure his re-election than his friends. When his opponents are reduced to the necessity of telling such stupid lies about him, as that he attempted to pass over the New Jersey railroad last week without paying his fare, and was compelled to pay on a threat of the conductor to put him off,—when, we say, his detractors are reduced to that strait, it is sure evidence to the minds of a great many people that there is no real fault to be found with him, and they will first sympathize with, and then vote for him. Of course the lie is always exposed in time, and the exposition came swiftly in this case. The story was published in the New York papers on Sunday, and Monday the president of the road announced it a sheer fabrication. Gen. Grant has not travelled on the road lately, and, besides, the New Jersey railroad has, invariably, since President Jackson's time, tendered a free pass to the President of the United States and the Governor of New Jersey.

WESTERN CROPS.—In Kansas the wheat crop is harvested and yields nearly thirty bushels to the acre in some places. Corn is from nine to thirteen feet high. The wheat crop of Jersey county, Ill., is estimated at 1,000,000 bushels. The Iowa wheat crop is coming on better than was anticipated. The corn crop is ahead of anything ever before, and the potato crop is faring well. All the crops in Northern Indiana are in splendid condition, and the yield of wheat, corn, oats, etc., will be large.

THE WORLD says it is very fond of Gen. Hancock, extols him as a "gallant soldier," rather thinks he may have been a "life-long Democrat," and will never do anything against him. Here the kissing ends, and now comes the stabbing:—*But* we fear, says this wicked World, that in pressing his claims too early he will be defeated. and feels called upon to say that as things look now it doubts the expediency of running a "military candidate!"

Letter from Old Orchard Beach.

OLD ORCHARD HOUSE, July 11, 1871.

To the Editor of the Press:

Setting aside hygienic considerations, I believe there is a latent tendency in the nature of all mankind to "camp out," and this tendency manifests itself now and then at propitious seasons. It must be a trait left us from the garden of Eden.

The torrents of beating rain to-night, revive again my old "camping out" days, when I have slept by the side of old ocean, with a canvass above and the sand beneath me, the wind all the while playing the very mischief with the tent poles.

The *poetry* of that kind of "camping out" is somewhat questionable upon such a night as this, and I do not regret to see the tent-poles fade away and put on the form of solid beams and rafters.

The canvas becomes four richly garnished walls, and the sand dissolves into the softness and brilliancy of a Brussels carpet. In short I have my tent again, with all its luxury of ease, its freedom from care and dust and satisfying pestilential airs, but its roof is the roof of the "Old Orchard House," and its "old camp ground" is down by the sea-side, some four miles from Saco.

Here is where you may have all the charm of "camping out," aside from its drudgery, privation, peril, and discomforture by exposure to the elements.

Old Orchard House has sifted out all the coarser grains of ordinary camp life, and offers us its refinement of pleasure, unmixed with alloy. Its freshly renewed rooms, its home-like interest in all beneath its ample roof, inspire a feeling of contentment and confidence.

Fish leap from the sea into their normal condition upon the dinner table, and ice cream 'holds its own,' while your city thermometers are up to 90 in the shade. There is a telegraph office in the house, in which H. B. Dexter of Calais, discourses with forked lightning, and slings electricity here and there to the satisfaction of the guests. But as indiscriminate eulogy is the subtlest form of depreciation, suffice it to say that the Old Orchard House, in its internal arangements and external surroundings its cupola, assistats, and guests, is twenty-five times higher than any other hotel in *this ward*. This is an *official* statement, for I had it direct from the proprietor himself, Mr. E. C. Staples.

Old Orchard House has its associations which may fairly be called "classical," and its precincts, "classical ground." Its Park is an embodied poem; a thought engraved upon Nature as a statue is outlined upon marble. Here, walked, and worked, and touched with the hand of a master, a genius who had the eye of a poet, and a heart loving as Thoreau's; setting a signal upon the wildwood which the flight of years may not obliterate.

Time forbids detail, and like Dombey's son, "the river running fast and confusing his mind," (thought it is the *Sea* in my case,) I must leave a great many things unsaid concerning lovely "camp ground," till another time. DR——.

The grasshoppers are getting pretty numerous in various parts of the country. One of them though to stop in Rhode Island a day or two ago, but by a slight miscalculation as to distance, skipped over it.

Statistics of Commerce and Navigation.

Monthly Report of the Bureau of Statistics, No. 10, now in press, gives the statistics of our foreign trade for the first ten months of the current fiscal year, as compared with the corresponding periods of 1870. The Chief of the Bureau furnishes the following abstract:

Imports for month ended April 30, 1871, $50,659,205; do. April 30, 1870, $48,464,984; for ten months ended April 30, 1871, $434,683,677; do ended April 30, 1870, $381,717,355.

Domestic exports, (specie values,) for month ended April 30, 1870, $49,002,087; for month ended Apr. 30, 1870, $38,324,863; for ten months ended April 30, 1871, $423,829,619; for ten months ended April 30, 1870, $348,777,234.

Foreign exports, for month ended April 30, 1871, $2,098,637; month ended April 30, 1870, $2,312,228; ten months ended April 30, 1871, $24,126,181; ten months ended April 30, 1870, $25,855,629.

For the ten months ended April 30, 1871, the exports exceeded the imports by $13,272,123, while for the corresponding period of 1870 the imports are in excess of the exports to the amount of $7,084,492.

The respective amounts of the total imports and exports, (specie value,) consisting of merchandise and of specie and bullion, for the *ten* months ended April 30, 1871, were as follows:

Imports—Merchandise, $417,430,464; specie and bullion, $17,253,213.

Domestic exports—Merchandise, $359,288,245; specie and bullion, $64,541,374.

Foreign exports—Merchandise, $11,553,575; specie and bullion, $12,572,606.

For Ten Months ended April 30, 1870.

Import—Merchandise, $356,226,937; specie and bullion. $25,490,398.

Domestic exports—Merchandise, $316,000,193; specie and bullion, $32,777,041.

Foreign exports—Merchandise, $13,422,603; specie and bullion, $12,433,026.

The comparative amounts of our foreign commerce, carried in American and foreign vessels, and other vehicles, respectively, during the ten months ended April 30, 1871, were as follows:

Imports—American vessels, $126,152,325; foreign vessels, $296,282,803; cars and other land vehicles, $11,248,549.

Domestic exports (mixed values)—American vessels, $149,033,143; foreign vessels, $311,935,946; cars and other land vehicles, $4,225,733.

Foreign exports—American vessels, $7,930,427; foreign vessels, $14,204,641; cars and other land conveyances, $1,991,113.

Ten Months ended April 30, 1870.

Imports—American vessels, $124,167,678; foreign vessels, $257,540,677.

Domestic exports (mixed values)—American vessels, $153,505,197; foreign vessels, $265,571,158.

Foreign exports—American vessels, $11,248,614; foreign vessels, $14,606,015.

The value of foreign commodities remaining in warehouse April 31, 1871, was $55,884,488, against $55,794,102 April 30, 1870.

Bowdoin Commencement.

MEMORIAL HALL.

At the Alumni meeting Tuesday Hon. S. P. Benson made a financial exhibit of the cost and succest he has met with in collecting funds for the building of Memorial Hall, by which it appears that the cash on hand as per report of last year was $286 48; received on subscriptions during the past year $5511.30; total $5797.78 There has been expended on the construction account $2674 89; paid on notes of building committee for money raised $2722 08; miscellaneous expenses $71.27; total $5468 24; cash on hand $329 54; amount of subscriptions previous to last report $45,629; since last report $3140; amount paid on subscriptions previous to last report $35,104; since last report $5511.30; total amount paid on subscriptions $40,615 30. The cost of the building thus far is $49,327.53, The indebtedness of the Alumni association for funds raised to aid in construction is $8500. The assets to meet this are:—Cash on hand $329 54, and $8153 70 in uncollected subscriptions. While the exterior of building is nearly finished, the interior remains uncompleted. Some twenty-five or thirty thousand dollars more are needed to finish the work.

A verbal report of the building committee on Memorial Hall was made by Gen. John M. Brown, in which he stated that if the liabilities of the committee, amounting to $8000, are met they will go forward and incur such new responsibilities as shall insure the completion of the work.

THE CONCERT

was well attended. Miss Cary sung three selections, each of which being encored, she responded with other songs. The rain, which begun in the afternoon, fell in torrents during the evening, and doubtless interfered considerably with the success of the concert pecuniarily. Quite a number of Portland people were present.

THE New York press, with the exception of the regular Tammany organs, denounce Mayor Hall and Supt. Kelso's order. The Herald says:

The spirit which prompted these threats against the Orangemen must be put down. It is the same spirit which prompted the Paris Commune, impelling them to forget the rights of others, to turn the capital of the world into a charnel house, to destroy the repositories of sciences and art, and tear down monuments required by time and sacred in the eyes of all mankind. It is the same spirit which prompted the draft riots of 1863, inducing men to burn asylums where children were nurtured and hang negroes to lamp-posts. It is the same spirit which was exhibited at Elm Park last year—the spirit which brookes not freedom of opinion, speech and action in others. It further intimates that it is a spirit destructive of every Anglo-Saxon institution and ruinous to American liberty.

The Sun intimates that the Democratic leaders have submitted to mob rule, and succumbed to the will of a secret organization.

The Tribune says the reason of this order is the desire to conciliate the Catholic voters.

The Times declares that it is a legitimate result. "Two out of four city rulers are bigoted Roman Catholics—the men who prop up the city government are Roman Catholics, and now it is denied that the Protestants have only such rights as the Catholics choose to accord to them."

The World and Star support Kelso's order.

The Post calls it "a piece of specious pleading to justify their terrorism of the many over the rights of the few, and at Police Headquarters the authorship of it is associated with the name of the Chief Magistrate of the city."

The Commercial says: "It is a sad scene for the great metropolis, and one that those concerned in arranging will be heartily ashamed of. Much future trouble will be traced directly to the truckling surrender now made to fell spirit, which has heretofore been laid only by the severest application of force." The Express mildly approves the order.

Items.

Whether or not the Cundurango is a certain remedy for cancers, has not yet been ascertained, but Vice President Colfax bears testimony in a private letter to its wonderful results in the case of his mother, who was troubled a few months since with a large and fast growing cancer, that with but a partial treatment of this medicine is three-fourths gone and appears to be rapidly diminishing.

A Jersey City editor is elated with a batch of libel suits for an aggregate of $300,000 damages.

The case of Mrs. Sherman has been submitted without argument. The Judge ruled out the testimony in reference to her former husband, Hurlburt, as having no bearing on the case. The prisoner has been ordered from the lock up at Birmingham to the County Jail in New Haven, where she will await her trial. No bail will be accepted.

The chairman of the Republican Committee of North Carolina writes that the difficulties in the party have all been harmonized, and very thorough county and township organizations effected throughout the State, so that the Republicans are now much stonger than last year.

State News.

ANDROSCOGGIN COUNTY.

John Laughton, a man of intemperate habits, says the Journal, drowned himself in the canal at Lewiston Friday night. His body was found the next evening.

The Journal says Miss Annie Carey left South West Bend for Brunswick, Monday. She will return to Durham on Friday and spend the remainder of the summer with her sister there. Miss Carey is expected to sing in Lewiston at an early day.

The Lewiston Journal says Engineer Reed is surveying the site for the proposed new dam on Little Androscoggin river in Auburn. The dam will be built at once. We have seen the drawings for a cotton mill of 10,000 spindles, to be built on this water power as soon as the dam is built. The mill will be 340 feet long by 52 wide. It will be two stories high with flat roof.

AROOSTOOK COUNTY.

The Pioneer says throughout the county we hear good reports. The hay crop will be quite up to the average, the recent showers having served to thicken up the bottom.—Grains, especially oats, are looking finely.—Potatoes are backward on account of the drouth, but an abundant yield is indicated from present appearances.

KENNEBEC COUNTY.

The Journal says last Saturday morning the house of James M. Mozrill, of Winslow, was burned. Origin of the fire unknown. Loss about $300.

Mr. Sumner C. Baker, of Albion, was suddenly attacked on last Wednesday, with what is supposed to be the bilious colic, and on Thursday evening expired. He was a well known and universally respected citizen says the Kennebec Journal.

A regular meeting of the Board of managers of the National Military Asylum was held at the Eastern Branch on Saturday, the 9th inst., concluding on the 10th. The affairs of this branch were found to be in good condition and as to healthfulness this has a much smaller per cent. of sickness than any other branch.

SOMERSET COUNTY.

The Advocate says Mr. John Ray of Solon a young man about 20 years old, was drowned at Carratunk falls, just below the main pitch, last Monday. He was on the drive, at work on a jam of logs, and in an attempt to throw a warp from a high ledge on the shore to the jam, lost his balance, and went in. He was swept under the jam of logs and never seen afterwards.

The Anson Advocate says team after team goes through that place every day loaded with corn. The farmers are buying it for the coming winter, and many are already feeding it to their stock—falling pastures making it necessary.

IN GENERAL.

Moses H. Noyes has been appointed Postmaster at North Litson, vice Charles Eaton, resigned; Joseph Lamb at Greenvale, vice Ed. Prescott, resigned; and Walter Hayes at Chester, vice Mrs. Lydia A. Keene, resigned.

BONDS

OF THE

EUROPEAN AND NORTH AMERICAN RAILWAY CO.

THE E. & N. A. RAILWAY is completed from Bangor, Maine, to St. John, New Brunswick, a distance of 262 miles,—with the exception of 53 miles between Winn, Me., and the boundary line of the State at Vanceboro'. On this portion the track is now being laid, both from Winn *eastward* and from Vanceboro' *westward*, and the work will be completed and trains running from Bangor to St. John in September next.

The road will then be

THE ONLY RAILWAY

CONNECTING THE UNITED STATES AND THE BRITISH PROVINCES (New Brunswick and Nova Scotia). The population of the maritime Provinces is about ONE MILLION, and all the land travel, freight, mails, &c., between them and the United States, will pass over this Trunk line, which is WITHOUT COMPETITION. Although not yet completed, the business of the road is already far greater than its most sanguine friends predicted, and is continually increasing.

The net earnings from Local Business alone, on the 56 miles completed in Maine, already exceed the interest on two and one quarter millions of dollars, and will be largely increasing after Sept next by the business to and from the Provinces.

To complete this road, and to equip it as fully as its present large business and the immediate increase consequent upon its completion, requires,—the Company has issued its Bonds to the amount of Two Millions of Dollars, secured by a

FIRST & ONLY MORTGAGE

ON ITS ENTIRE ROAD AND PROPERTY FROM WINN to VANCEBORO' (besides a *Second* Mortgage on the entire road and equipments from Bangor to Winn, 56 miles. This portion cost some $2,300,000, and the only lien thereon is a mortgage to the city of Bangor for $1,000,000)—and, in addition thereto, by a FIRST AND ONLY MORTGAGE on

800,000 Acres of Land!

Said lands being the same granted by the State of Maine to aid in construction of this road. They are situated along the Penobscot and St. John rivers, and are heavily timbered and valuable. Large tracts, especially in the fertile Aroostook Valley, (the finest agricultural district in the State,) are valuable for farming lands as well as for their timber. This immense grant of lands equals about

14,000 Acres to each Mile

of Railroad with which they are mortgaged. They cover 1250 square miles (nearly as large as the State of Rhode Island, which is 1306 square miles) and are of great value.

Thus, besides the mortgage of the Railway, its equipments, &c., which alone is ample security for the Bonds, there are timber and farm lands to the amount of

400 Acres to each Bond

also pledged to ensure the payment thereof.

The Bonds are for $1000 each, due March 1, 1899, bear interest at

SIX PER CENT. PER ANNUM,

PRINCIPAL AND INTEREST PAYABLE IN

GOLD COIN,

Free from U. S. Taxation.

Coupons payable March 1 and September 1, in New York. Bonds registered if desired, Coupons made payable (£6 each) in London, England, if preferred.

SINKING FUND—All proceeds of sales of land, as well as of timber and other products therefrom, are, by the Trustees, to be invested in these Bonds if they can be bought at par or less; otherwise in United States, State or Municipal Securities. And on July 1, 1879, and annually thereafter until these Bonds become due or are all paid, the E. & N. A. Railway Co. is bound to pay to the Trustees a sum of money equal to one per cent. of the amount of Bonds outstanding. Such amounts, and all interest received on securities, belonging to the Sinking Fund are to be invested as above stated, and these accumulations are solely for the purpose of additionally providing for the redemption of these Bonds. The Sinking Fund constitutes a third great element of security and strength, and adds to the safety of these Bonds.

The Trustees are Hon. HANNIBAL HAMLIN, of Bangor, Me., and J. EDGAR THOMSON, Esq., of Philadelphia, Pa.

The Trustees are authorized to receive the Bonds at Par and Accrued Interest in payment for any of the lands at their appraised value.

These very desirable securities for sale at

90 and Accrued Interest in Currency.

U. S. [illegible] all marketable securities received at [illegible] price in exchange for these Bonds, and [illegible] be sent by Express and these returned by Express, free of expense to the purchaser.

Pamphlets [illegible] further particulars concerning the connection and business, with Maps, showing the location and lands of this road, sent free on application to

ELIAS MERRILL,

Principal Agent of the Company for the Sale of Bonds,

BANGOR, MAINE,

OR TO

SWAN & BARRETT,

Bankers and Brokers,

100 Middle Street.....Portland.

On completion (in 1872) of 60 miles of Railroad now building, between St. John, N. B, and Halifax, N. S, there will be an unbroken line of Railway from Halifax to one of the chief cities of the United States, and as two or three days of ocean travel can be avoided, and about 36 hours' time saved, from New York, in going to or coming from Europe, by rail to or from Halifax,—a large business in passengers, mails and freight will thereby be added to the traffic over the E. & N. A. Railway.

Consumption,

ITS CURE AND ITS PREVENTIVE,

By J. H. SCHENCK, M. D.

Many a human being has passed away, for whose death there was no other reason than the neglect of known and indisputably proved means of cure. Those near and dear to family and friends are sleeping the dreamless slumber into which, had they calmly adopted

DR. JOSEPH H. SCHENCK'S SIMPLE TREATMENT,

and availed themselves of his wonderfully efficacious medicines, they would not have fallen.

Dr. Schenck has in his own case proven that wherever sufficient vitality remains, that vitality, by his medicines and his directions for their use, is quickened into healthful vigor.

In this statement there is nothing presumptuous. To the faith of the invalid is made no representation that is not a thousand times substantiated by living and visible proofs. The theory of the cure by Dr. Schenck's medicines is as simple as it is unfailing. Its philosophy requires no argument. It is self assuring, self-convincing.

The Seaweed Tonic and Mandrake Pills are the first two weapons with which the citadel of the malady is assailed. Two-thirds of the cases of consumption originate in dyspepsia and a functionally disordered liver. With this condition the bronchial tubes "sympathize" with the stomach. Sympathy gives rise to the morbific action of the liver. Here then comes the culminating result, and the setting in, with all its distressing symptoms, of

CONSUMPTION.

The Mandrake Pills are composed of one of Nature's noblest gifts—the Pedophillum Peltatum. They possess all the blood-searching, alterative properties of calomel, but unlike calomel, they

"LEAVE NO STING BEHIND."

The work of cure is now beginning. The vitiated and mucous deposits in the bowels and in the alimentary canal are ejected. The liver, like a clock, is wound up. It arouses from its torpidity. The stomach acts responsively, and the patient begins to feel that he is getting, at last,

A SUPPLY OF GOOD BLOOD.

The Seaweed Tonic, in conjunction with the Pills, permeates and assimilates with the food. Chylification is now progressing, without its previous tortures. Digestion becomes painless, and the cure is seen to be at hand. There is no more flatulence, no exacerbation of the stomach. An appetite sets in.

Now comes the greatest Blood Purifier ever yet given by an indulgent father to suffering man. Schenck's Pulmonic Syrup comes in to perform its functions and to hasten and complete the cure. It enters at once upon its work. Nature cannot be cheated. It collects and ripens the impaired and diseased portions of the lungs. In the form of gatherings it prepares them for expectoration, and lo! in a very short time the malady is vanquished, the rotten throne that it occupied is renovated and made new, and the patient, in all the dignity of regained vigor, steps forth to enjoy the manhood or womanhood that was

GIVEN UP AS LOST.

The second thing is, the patients must stay in a warm room, until they get well; it is almost impossible to prevent taking cold when the lungs are diseased, but it must be prevented or a cure cannot be effected. Fresh air and riding out, especially in this section of the country in the fall and winter season, are all wrong. Physicians who recommend that course lose their patients, if their lungs are badly diseased; and yet, because they are in the house they must not sit down quiet: they must walk about the room as much and as fast as the strength will bear, to get up a good circulation of blood. The patients must keep in good spirits—be determined to get well. This has a great deal to do with the appetite, and is the great point to gain.

To despair of cure after such evidence of its possibility in the worst cases, and more certainty in all others, is sinful. Dr. Schenck's personal statement to the Faculty of his own cure was in these modest words:

"Many years ago I was in the last stages of consumption: confined to my bed, and at one time my physicians thought that I could not live a week; then like a drowning man catching at straws, I heard of, and obtained the preparations which I now offer to the public, and they made a perfect cure of me. It seemed to me that I could feel them penetrate my whole system. They soon ripened the matter in my lungs, and I would spit up more than a pint of offensive yellow matter every morning for a long time. As soon as that began to subside, my cough, fever, pains and night sweats all began to leave me, and my appetite became so great that it was with difficulty that I could keep from eating too much. I soon gained my strength, and have grown in flesh ever since.

"I was weighed shortly after my recovery," added the Doctor, "then looking like a mere skeleton; my weight was only ninety-seven pounds; my present weight is two hundred and twenty-five (225) pounds, and for years I have enjoyed uninterrupted health."

Dr. Schenck has discontinued his professional visits to New York and Boston. He or his son, Dr. J. H. Schenck, Jr., still continue to see patients at their office, No. 15 North Sixth street, Philadelphia, every Saturday from 9 A. M. to 3 P. M. Those who wish a thorough examination with the Respirometer will be charged $5. The Respirometer declares the exact condition of the lungs, and patients can readily learn whether they are curable or not.

The directions for taking the medicines are adapted to the intelligence even of a child. Follow these directions, and kind Nature will do the rest, excepting that in some cases the Mandrake Pills are to be taken in increased doses; the three medicines need no other accompaniments than the ample instructions that accompany them. First, the nauseating, of returning health hunger is the most welcome symptom. When it comes, as it will come, let the despairing at once be of good cheer. Good blood at once follows, the cough loosens, the night sweat is abated. In a short time both of these morbid symptoms are gone forever.

Dr Schenck's medicines are constantly kept in tens of thousands of families. As a laxative or purgative, the Mandrake Pills are a standard preparation: while the Pulmonic Syrup, as a cure of coughs and colds, may be regarded as a prophylacteric against consumption in any of its forms.

Price of the Pulmonic Syrup and Seaweed Tonic, $1.50 a bottle, or $7 50 a half dozen. Mandrake Pills, 25 cents a box. For sale by all druggists and dealers.

JUDGE MORRIS PRESIDING.

WEDNESDAY—Margaret Norton, for assault and battery, was fined $1 and costs.

Daniel Black; maliciously taking and driving a horse, was sent to jail for 30 days.

Edward Clary and James A. Connor; complaint for breaking and entering the house of Edward Hawkes, on Wilmot street, on the night of Saturday, July 8, and stealing therefrom. Held to bell in $500 each for appearance at the next term of the Superior Court. It is understood that there is another complaint of the same nature pending against these parties.

C. F. Libby for gov't.
A. W. Bradbury for Connor.

Brief Jottings.

The class which graduated at Bowdoin College in 1844 will dine to-day at the "Falmouth" at two o'clock.

"We bring no costly souvenirs
Or gems from foreign clime,
But a classmate's best affections
To lay on friendship's shrine."

John Brown has been pilot of steamer Gazelle for six years, and for two years previous filled the same position on board steamer Casco, and during the eight years service has not missed a trip.

The funeral of the late D. Henry Stevens took place yesterday afternoon from his mother's residence on Pearl street, Rev. Dr. Shailer officiating. The Mechanic Blues gave the remains of their comrade a funeral escort to the last resting place in Evergreen Cemetery. At the grave prayer was offered by Rev. Dr. Shailer; remarks were made by Capt. Parker, and the customary volleys were fired over the grave.

The Eastern Yacht Club arrived at Mt. Desert on Monday. The Alarm will leave this morning with a party to meet and return with the fleet.

Senor Ardavani the celebrated baritone, and Haskell the tenor, will sing at the Cary Concert.

Hale exhibits another beautiful head in water-colors by Mrs. Elizabeth Murray.

The great fun off Richardson's Wharf—throwing dogs overboard and then stoning them to death.

A game of base ball played between the Young Americas and the Fleetfoots was won by the Young Americas, by a score of 41 to 31.

Rev. Dr. John N. French, Professor at West Point Military Academy who did last Saturday, was rector of St. Paul's church in this city in 1836.

The Transcript says a little child three years old when he saw the new summer car the other day wanted to ride "in the pretty shaker bonnet."

The Sunday School of Plymouth church will go on their pic-nic to Lake Sebago to-day.

The evening ascent to the Tip-Top House, Mt. Washington, by the new tran to be added next week by the sky railroad, will bring people to enjoy the mountain views at sunset and day-dawn.

The Boston Institute, which opened its 12th session yesterday under the care of Dr. Dio Lewis of Boston, and Prof. Welch of Yale College, aided by Prof. E. P. Thwing and E. M. Powell, the latter of Vassar College, furnishes teachers with the best of training in physical and vocal culture. The term is six weeks in length; tuition fifty dollars. Diplomas are given to graduates.

A recent measurement makes Mt. Washington 6295 feet high. The Superintendent of the railroad to the summit has told his workmen to pile up rocks enough to make the figures even, 6,300.

We met yesterday Rev. E. C. Cummings, who arrived in the Scandinavian, having been in Europe about two years. He has had a delightful stay and appears to be in excellent health. For a time he had a congregation in Berlin.

On the excursion of the Plymouth church, to-day, the cars will leave foot of Exchange street at 8.20 and noe 8.40 as we had it Tuesday.

The Oxford Democrat says on July 1st, Frank Witham of Hiram, while returning from Portland on the P. & O. railroad, had his pockets picked in Westbrook, of a pocket-book containing some $50. The black-leg was caught in the act, and dropping the pocket-book, left like the lobster that Bridget tried to boil alive.

An ingenious automatic gold-indicator has been placed in the winow of the brokers office of Wm. E. Wood on Exchange street. It shows the price to those in the office and on the street. Mr. Richardson, a clerk in the office, is the inventor.

The Board of Engineers of the Fire Department, at their meeting on Monday evening, investigated charges against a member of one of the fire companies for larceny at the burning of Degnio's boat shop a few weeks ago, and found the accusation was not sustained.

PORTLAND, RUTLAND & OSWEGO RAILROAD. Agreeable to call a meeting was held at Merchants' Exchange at 5 o'clock yesterday afternoon to make arrangements for the reception of members of Congress and railroad men from the West and others who may meet in conference with Senator Hamlin in reference to his great railroad bill now pending before Congress designed to promote the construction of the Portland, Rutland & Oswego Railroad.

Hon. John A. Poor called the meeting to order. Capt. Chas. M. Davis was appointed Chairman and Isaac L. Came Secretary.

The following resolutions were adopted:

Whereas, It is authoritatively announced that the Hon. Hannibal Hamlin has accepted an invitation to meet the friends of the Portland, Oswego & Chicago Railway in consultation at the time of their annual meeting in this city on the 26th of July next, at which time, members of Congress and railroad men from the West will be present; therefore,

Resolved, That it is expedient that parties attending said meeting from abroad be invited to the civility of an excursion in the harbor and a clam-bake upon one of the islands.

Resolved, That for the purpose of carrying into effect the foregoing vote, that committees be now appointed, as follows:

On Invitation and Reception—W. H. Fessenden, J. L. Farmer, S. B. Beckett, D. H. Ingraham, C. A. Gilson.

On Harbor Excursion—J. B. Coyle, John Porteous.

On Clam Bake—J. S. Winslow, B. W. Jones, James Freeman, Isaac L. Came.

On Location and arrangements for Speaking, Music, &c.—Henry T. Carter, W. C. Beckett, Moses Gould.

On Finance—W. F. Milliken, G. W. Woodman, T. H. Weston, R. M. Richardson, J. B. Curtis.

Voted, That the members of the several committees form a General Committee of Arrangements, with authority to fill any vacancies and add to the number of the General Committee or the several committees.

ANOTHER BURGLARY.—Connor and Clary, who broke into McMenamin's store on Cumberland street, committed another burglary on Saturday night or Sunday morning, at the house of Mr. Edward Hawkes, near the foot of Franklin street. They broke in through a screen at the kitchen window, and as the doors leading to other parts of the house were securely fastened, the burglars decamped after ransacking the cook's domain, taking with them a velvet and a Panama hat, overcoat and shirt. The velvet hat was found in the possession of John Blackenburg, and the overcoat Deputy Sterling recovered at Charles Pettis's, on Washington street. Both thieves were bound over yesterday morning in the Municipal Court.

SONS OF TEMPERANCE.—A Division of the Sons of Temperance was instituted at Brownfield on Tuesday evening last. The following were elected officers: Rev. E. S. Tingley, W. P.; C. W. Bickford, W. A.; Z. O. Wentworth, R. S.; G. Gibson, A. R. S.; C. E. Strout, F. S.; C. Dutch, Chaplain; A. Martin T.; S. B. Bean, Con.: W. E. Swan, A. C.; W. F. Bickford I. S.; F. A. H. Harmon, O. S.; J. Edgecomb, P. W. P. This order, which has, in years past, been a power in the temperance movement, but which, during the war, was much reduced in numbers, is now rising. Old Divisions are receiving large accessions, and new Divisions are being organized. Portland Division initiated thirty members the last quarter.

A DOUBLE GAME OF CROSS-PURPOSES.—Yesterday morning at 6 o'clock, Sheriff Perry, with a keeper, went to Commercial street to attach the stock of a wholesale dealer. When he got to the store he discovered one of his deputies with a similar companion, and a writ in favor of other parties, waiting the arrival of the owner. Each intuitively knew the business of the other, and there was a little by-play between the officers. Watching a good opportunity, the Sheriff slipped around to the rear of the store, and climbing up by a shed to a window in the second story, he kicked in a pane of glass, unbolted the sash, raised the window and got entrance for himself and keeper. Then he coolly walked out of the door, smiled blandly on the waiting deputy, and went home to breakfast.

An hour and a half afterwards Coroner Gould, accompanied by a creditor of the dealer, served a replevin on the Sheriff for 100 barrels of flour in the store, and they were at once released to him. While Mr. Gould was in charge and waiting the return of the creditor from breakfast preparatory to removing the flour, Gen. Fessenden, the Register in Bankruptcy, appeared on the ground, and asked Gould's errand, saying that a petition of bankruptcy had been filed by the debtor, and directing him not to remove anything from the store without orders from the court. Gould went to look at the record. He found that he had got thirty minutes' start of the application for bankruptcy, and concluded to obey his precept. He returned to the store, but it was locked. He demanded admission and it was refused. Then he "went to the rear," and hoisted himself up on an oil cask. Somebody handed him a slab. A couple of hearty thumps made a way of ingress for him, and he walked towards the keeper in front, who acted as if he would like to resist. Jim threw open the front door and called a teamster. The replevying creditor came up at the moment. Other teams were called, and in about a minute or a minute and a half the hundred barrels were rolled out and carted off, and the store was left in possession of the Sheriff's keeper. For a few minutes business was livelier at that establishment than it had been before for a month, and there was considerable excitement in the neighborhood.

MEETING OF THE CREDITORS OF HON. JOSEPH HOBSON.—At the request of Hon. Joseph Hobson of Saco, for his creditors to meet him yesterday morning at 10 a. m., at the Saco House, for the purpose of hearing a statement of his affairs and what he could do in the premises, about seventy or eighty of them gathered in the parlors of the hotel at the designated hour, when, on motion of N. O. Mitchell, esq., of Gardiner, Hon. Oliver Dyer, Mayor of Saco, was selected as chairman, and S. K. Hamilton, esq., of Biddeford, as Secretary of the meeting. Mr. Hobson then rose and stated that assumed too great a load in 1861, at the time he became embarrassed through the derangement and stagnation at the outbreak of the rebellion, in undertaking then to pay his debts in full. He had accomplished that, but it had crippled him in his business ever since. The disturbances in Cuba, loss on shipments to that island, obligations assumed for friends and losses by them and others with whom he had business relations, compelled him to allow his paper to go to protest last week. As soon as he found this to be inevitable he looked carefully into his affairs, and had notified his creditors to meet him here to-day that he might lay his statement before them; that there was neither time, opportunity or occasion to go into details, but he would say that the aggregate of his indebtedness, so far as he had ascertained it—and he believed it to be accurately stated—was $395,000. Of this amount $100,650 were due to creditors who held mortgage security; the balance ($294,354) unsecured, except so far as endorsed. His endorsed paper was $164,735; unendorsed $230,865. His assets were $198,658; unsecured debts $294,354. Deducting the amount for which mortgages were given ($100,650) from the gross value ($198,658) of the property, left $98,008 wherewith to pay the unsecured debts, $294,354, being apparently 33 1-3 per cent.; but some allowance must be made for over-valuation and unforeseen contingencies. N. O. Mitchell, esq., called for a proposition. Mr. Hobson responded that the only course by which the unsecured creditors could obtain the percentage which these figures indicated, would be to let him go on in the business, with which he was familiar, and use the mills and lumber so as to put the latter into marketable form and turn it into money. Mr. Hobson therefore asked to be allowed to continue his business, and proposed, if this were done, to settle with his creditors for twenty-five cents on a dollar, giving for this percentage his individual note, payable in four instalments, on six, twelve, eighteen and twenty-four months, with interest. This was the utmost he felt able to do.

Jason W. Beatty, esq, moved a committee of five be appointed by the chair to select an investigating committee of three; carried, and Messrs. Beatty and Charles Hill of Saco, Wm. P. Haines of Biddeford, George Goodwin of Wells, and N. O. Mitchell of Garniner, were constituted the committee. Before they retired to select an investigating committee, a lively discussion arose. Chas. Hill, esq., thought Mr. Hobson ought to offer fifty per cent. Mr. Dyer, the chairman, thought people had been grossly deceived, and wanted an investigation. After taking Mr. Hobson's word for years that he was worth $200,000, he didn't want to take it at once that he was $200,000 worse than nothing. Mr. Hill replied that he had dealt with Mr. Hobson for years; had always found him honest and still believed him so; said he was endorsed on paper to Mr. Dyer, and it should be met; but that, with Mr. Hobson's experience and energy, he could make fifty per cent. out of the assets in two years. E. B. Smith of Saco, remarked that Mr. Hobson should only undertake what he could perform; and that it would be best to let the investigating committee examine the assets and say whether twenty-five, thirty or fifty per cent could be made out of them. James Carter, esq., of Scarboro, concurred in Mr. Hill's opinion as to Mr. Hobson's integrity. John Demeritt of Effingham, N. H., said he had been greatly misled as to Mr. Hobson's means by Mr. Hobson himself, and recently; and he wanted to have it examined into and explained.

The committee appointed for the purpose reported as the investigating committee Messrs. William P. Haines, John Demeritt and Dan'l F. Emery. This committee retired and in the afternoon made their report, substantially sustaining Mr. Hobson's statement as to his pecuniary condition. After prolonged discussion the proposition submitted by Mr. Hobson was accepted, upon his agreeing to procure a satisfactory indorser or surety for the prompt payment of the instalments and to pay interest on them. On putting it to final vote it was carried unanimously. E. B. Smith, esq., then prepared and read a paper embodying this agreement, which was headed by the chairman of the meeting and most of the creditors present, a few hanging back in order to consult partners or others jointly interested. There was universal surprise and dissatisfaction at the meagre per centage offered, but after the report of the able investigating committee it was generally conceded that nothing better could be done, and that the only other alternative was bankruptcy, by which not five cents on a dollar could not be realized. It was stated that a petition in bankruptcy had been filed, but the petitioning creditor was willing to withdraw the proceedings if such was the desire of those similarly situated with him, i. e. holding large unsecured claims. It was generally thought this had best be done, and Mr. Hobson's proposition will doubtless be agreed to in the end by everybody concerned.

PROBABLY FATAL ACCIDENT.—As Mr. John Balch of Newburyport, was driving through Topsham Tuesday noon, he got out of the carriage to adjust the headstall of the horse. The horse sprung suddenly, and throwing Mr. Balch down, the carriage passed over him fracturing his spine and otherwise injuring him. He was taken up, and it was found the lower part of his body was completely paralyzed. Mr. Balch was unconscious most of the time and there was but slight hope that he could continue through the night. Mr. Balch was treasurer and agent of the Bartlett Mills, of Newburyport for many years, and as trustee of various moneyed interests he has been one of the most prominent citizens of that place for a long term of years. Later intelligence states that he died Tuesday evening.

Portland has lately furnished Chicago with a number of energetic young merchants, who are making good names for themselves in their new homes. One of the last to go there was Mr. E. A. O'Brion, who was for five years a member of the firm of O'Brion, Pierce & Co. He has connected himself with Spruance, Preston & Co., a firm of high reputation and large business. Mr. Preston is President of the Chicago Board of Trade. We ask attention to Mr. O'Brion's advertisement, and wish our late townsman full success in his new relations.

ANDES INSURANCE CO. CORRECTION.—In calling attention to an abstract of the first semi-annual statement of Jan. 1, 1871, of this company it was erroneously printed "annual" statement. We learn that the first annual statement of this company will soon appear exhibiting a success to the present time wholly unparalled in the history of fire insurance.

MISCELLANEOUS NOTICES.

BARNUM COMING.—For weeks past "all the World and the rest of mankind" in this vicinity, have been on the *qui vive* for the great Barnum show with its marvelous wonders of which we have all heard so much. A caravansary numbering 245 men and 270 horses, besides a drove of camels and elephants, together with a vast number of cages and dens containing lions, tigers, "pesky sarpents" large enough to swallow a man and not trouble them, beautiful leopards and graceful gazelles, besides numberless other rare specimens in natural history is only a part of Barnum's vast establishment. To all these he adds his celebrated "Barnum's Museum" and Castello's Circus, for one price of admission. It is therefore no wonder that wherever the entertainment pitches its tents immense crowds await its coming with eager interest. As this is Mr. Barnum's last, so it is his most gigantic and successful enterprise. In Boston and wherever else the show has been, the three great tents have proved altogether too small to hold the multitudes and thousands have been turned away for want of room. In several places the public schools have been closed and mills shut down on "Barnum's day" in order to give everyone a chance to see for themselves this marvel of the age, of which evcrybody that sees it exclaim with the Queen of Sheba after her visit to King Solomon, "the half has not been told!" On Tuesday, July 25, the Barnum Show will be in Portland giving other entertainments. One at 10 o'clock in the forenoon, at 2 in the afternoon and 8 in the evening. It is to be regretted that Mr. Barnum does not remain in Portland but one day, for although he is to give three exhibitions, and his tents are the largest ever pitched, we are confident that thousands will be turned away unable to get in, but it's the early bird that catches the worm, and those who go early will stand the best chance of seeing the "Great Show." Remember that Tuesday, July 25th is the day.

THE NEW HEALTH INSTITUTION.—Parties visiting Dr. Leland's Remedial Institute at Cahoon Block, in this city, will at once be convinced by the sight of their own eyes that his system of treating diseases is based on true philosophy and correct scientific principles.

It is simply a mode of utilizing the great life-sustaining element—the air we breathe. By means of extensive appliances in the use of this great natural remedy, he is enabled to treat with marked success a class of diseases which can never be reached *by medicine alone*. These are facts which can be substantiated by persons in this city who have received much benefit from this treatment in a short space of time, and from the undoubted testimony of those who were treated several years ago. Let us heartily welcome the establishment of such an Institution in this city, a positive success and a blessing to humanity. A PATIENT.

MRS. MANCHESTER'S success in her system of treatment of diseases attracts the attention of persons suffering from disease all over the country. All her patients speak in the most flattering terms of the benefit they receive.—Diseases of years standing are made to yield under her treatment and her patients recover when all other remedies have failed. The afflicted should lose no time in consulting her, at the United States Hotel. She remains till the 20th of July.

TRIALS are the common lot of humanity.—Among those best to be endured is a trial of the AMERICAN HOUSE, by tourists or business men, when visiting Boston. Few who have tried the American ever seek another hotel, finding *that* central, quiet, and replete with all that pertains to comfort and luxury.

FARM FOR SALE.—Any person desiring to buy a good farm in the vicinity of Portland will find that advertised by Mr. Beal of North Yarmouth, worth examining.

THE real estate and personal property belonging to the estate of T. E. Stuart, will be sold at auction to-day by order of the assignee. For further particulars see auction column.

FRANCE.

Miscellaneous Items.

PARIS, July 12.—It is stated that the party of the right in the Assembly is preparing an answer to the proclamation of Count de Chambord.

An order for the raising of the state of seige of Paris is expected at once.

Gambetta appeared in the Assembly yesterday and took his seat.

The Minister of Marine in an address before the Assembly gave an explicit contradiction to the report which had obtained publicity that a thousand women had been arrested in Paris as incendiaries after the occupation of the capital by the Versailist army were to be transported to Cayenne.

M. Favre in a speech before the same body declared that the letter recently published as from Thiers to the Pope is apocryphal. The Official Journal of to-day also states positively that the alleged letter is a forgery.

GREAT BRITAIN.

Minister Schenck.

LONDON, July 12.—Hon. Robert C. Schenck, U. S. Minister, and daughter, left London on Monday for Oxford, where they have since been guests of Hon. Montague Bernard, Professor of International Law of Oxford University, and recently a member of the Joint High Commission.

TO THE DAILY PRESS.

MAINE.

BOWDOIN COLLEGE.

Commencement Day, Business of the Board, The New Departure.

[Special Dispatch to Daily Press.]

BRUNSWICK, July 13th, 1871.

The usual exercises of the graduating class took place at the Congregational church yesterday. The salutatory oration in Latin was delivered by Kingsbury Bachelder of East Dixmont. Edgar J. Davis of East Machias, delivered a disquisition on "Universal Equality," and Sylvanus O. Hussey of Newburgh, an oration on the necessity of compulsory education to the safety of our institutions in view of the dangers which threaten them from Catholic and Pagan immigration. This was energetically delivered and was a noticeable feature. Edward P. Mitchell of Bath, had a literary disquisition on "Trial by Ordeal," the tests of time, contact, ridicule and common sense being particularly referred to. Mitchell's style is vigorous and he applied the tests of ridicule and common sense in a manner which well illustrated his subject. Edmond C. Cole of Bethel, had a dissertation on the "Laws of Progression," Newton F. Curtis of Hampden, a philosophical disquisition on the Mutual Interests of China and the United States, and W. R. White of Winthrop, a disquisition on Mind and Matter.

One of the best parts was by W. S. Dennett, Jr., of Bangor, a philosophical disquisition on "The Ethics of Development." He did not support the Darwinian theory, but urged that it was entitled to respectful consideration. This theory is the compliment, he maintained, of the nebula hypothesis of the universe. The speaker's style was peculiar and his ideas attracted much attention.

W. S. Pattee of Monroe, had a literary disquisition on "Ideals," and William P. Melcher of Portland, dissertation on eloquence, giving first the old and then the new definitions and then his own. E. S. Stackpole of Durham, gave an oration on "the Development Hypothesis," in opposition thereto.

Orville D. Baker of Augusta, and John A. Hinckley of Gorham, delivered the orations for the masters degree, the latter the valedictory.

BUSINESS OF THE BOARDS.

The Board of Trustees and Overseers had propracted sessions, at which a large amount of business was transacted.

Charles G. Rockwood and Geo. L. Goodale were elected permanent professors; Henry L. Chapman was elected assistant professor of Latin, at a salary of $1200; Dr. Thomas T. Sabine was elected Professor of Anatomy.

Joshua L. Chamberlain was unanimously elected President of the College, to fill the vacancy occasioned by the resignation of Rev. Dr. Harris.

The resignations of Messrs. Booly and Chamberlain of the Board of Trustees were accepted and Rev. Dr. E. B. Webb of Boston and Hon. Peleg W. Chandler of Boston chosen to fill the vacancies. Four Overseers were chosen to fill vacancies—Messrs. James R. Osgood of Boston, Joseph W. Symonds of Portland, F. Loring Talbot of East Machias and William S. Perry of Brunswick.

Two new scholarships have been established, Hon. Ether Shepley of Portland and Mrs. Wm. B. Sewall of Kennebunk having given $1000 each for that purpose.

The following degrees were conferred:

Doctors of Laws—Rev. Dr. Samuel Harris, Hon. Wm. G. Crosby of Belfast; Charles Deane, Esq., of Cambridge, Mass.

Doctors of Divinity—Rev. E. F. Cutler of Rockland; Rev. John O. Means, of Boston.

Doctor of Philosophy—Prof. E. S. Morse.

Masters of Arts, honorary—H. B. Perkins, New York; A. A. Strout, Portland; F. H. Underwood, Boston; C. H. Fernald, Houlton; Jos. H. Noyes, Byfield, Mass.; John F. Moody, Yarmouth.

Masters of Arts in course—C. A. King, C. J. Chapman, Geo. W. Foster, Geo. L. Chandler, G. M. Bodge, R. P. Packard, C. E. Chamberlain, T. J. Emery, John A. Hinkley, O. D. Baker, C. J. Holyoke.

Masters of Arts, out of course—Thomas H. Talbot, class of 1846; T. D. Bradford, class of 1861.

Bachelors of Arts—Kingsbury Bachelder, James F. Chaney, Charles E. Clark, E. C. Cole, C. J. Curtis, Edgar F. Davis, Wm. S. Dennett, jr., S. O. Hesey, Wm. P. Melcher, Edward P. Mitchell, A. J. Monroe, W. S. Pattee, V. D. Price, E. S. Stackpole, W. R. White.

Bachelors, out of course—Horace Williams, class of '44; S. P. Dinsmore, class of '44; J. Whitney, class of '64.

The Boards adjourned till August 29th.

THE NEW DEPARTURE.

The most important action was the adoption of the following vote:

Voted, That the interests of the college require the establishment of a Scientific Department or school in connection with the college, with a course of study fully equivalent to that now required in the college; and that in addition we ought to provide as sood as practicable for a two years' course of past graduate study; and to establish, in connection with the college, professional schools and a school of industry and the arts so far as there may be a demand for such schools; and that measures be immediately taken under the direction of the President to carry into effect this plan for the enlargement and improvement of the college; and that the President, with the advice and consent of the Finance Committee, be authorized to expend so much of the funds of the college as may be absolutely necessary to commence the execution of this plan, not exceeding ten thousand dollars.

Fire in St. George.

ROSKLAND, July 12—A story and a half house at St. George, owned by Capt. Jacob Barbour and occupied by him as a store and dwelling, was burned last night with all its contents. Insured for $2,800.

The Tammany Riot.

Seymour's "Friends" make another Attempt to Rule the City.

A DAY OF VIOLENCE AND BLOOD-SHED.

Yesterday New York city was the scene of a riot that only had its parallel in the draft riots of 1863. The authorities having learned from a secret circular that the Orangemen would be attacked, extensive preparations were made to suppress all riotous proceedings. At an early hour all the regulars at Governor's Island, Forts Hamilton, Schuyler and the other forts in the vicinity were placed under arms and ordered to hold themselves in readiness for action. Gen. McDowell gave hearty co-operation to the State authorities. The 1st, 5th, 6th, 7th, 9th, 10th, 22d, 71st and 85th regiments of the National Guard assembled at their armories. Gen. Shaler and staff were at the police central office where the headquarters were during the day. Gov. Hoffman and staff had their headquarters at the Clarendon.

Dispositions of light artillery from the United States forts were made, and several batteries of mountain howitzers from the navy yard were placed upon the tugs of the harbor police. The police force under Superintendent Kelso, amounting to 1500 effective men, were disposed at most available points. Up to 9 o'clock everything remained quiet and everything promised a peaceful day. Yesterday the Fenian Brotherhood issued an address counselling peace.

Between 10 and 11 A. M. the first movement was announced, which was that the Irish Catholic laborers on the boulevards had suspended work and were marching down town in a body. Inspector James, with 250 men, was sent up to 42d street and 8th avenue to intercept them.

At 11.30 A. M. affairs began to assume a threatening aspect, the men in the marble works leaving the shops to join in opposing the Orange parade. At 11 45 A. M. there were rumors of a riot in the upper part of 9th avenue and force was sent in that direction.

At 12 10 P. M. the reports of the riot began to be received at the headquarters, which began at about 11 A. M. The first report was from the 23d precinct, and was to the effect that a mob had collected in the vicinity of 83d street and 3d avenue and was driving people from the streets. Two hundred and twenty-five men were immediately picked out and placed under command of Capt. Hedden, of the 15th precinct, who was ordered to proceed to the scene of the riot and disperse the mob.

The second dispatch was from the 32d precinct, and stated that rioters were marching through the boulevards and had attacked Italian and Swiss laborers in the vicinity of 143d street and 9th avenue. Superintendent Kelso and Gen. Shaler held a consultation and concluded to send a regiment to that point. Gen. Shaler immediately ordered seven companies of the 71st regiment, Col. Rockafeller commanding, to proceed and guard that point. The last order had hardly been given when another report was received that several Fenians had collected about the Fenian headquarters, Nos. 21 and 21 avenue A, where a large quantity of arms were stored, and clamored loudly to be given their arms. This was refused and they threatened to pull down the place. About 250 officers were immediately sent over there.

At the 5th regiment armory in Hester street a large crowd collected and signified their intention of taking the arms there. About 100 men of the regiment were in the armory, to each of whom were dealt out forty rounds of cartridges in the morning. Seeing that the regiment were prepared for them, one brawny rioter shouted, "Come, boys, let's go down to the 7th ward and get the lads and we'll clean out the damned Dutch." The majority of the mob then started off under the leadership of this man to get the lads.

Prince street was alive with men speaking in whispers, who, when they see any stranger coming, kept silent.

It was also reported that the mob was approaching the police headquarters. An immense mob was also reported on 3d avenue near 83d street, driving away all men at work.

At 12 45 fighting was reported as going on in Bleeker street. The militia was ordered to 42d street, where an attack had been made on Judge Heizer's house.

At 1 P. M. firing was heard in various quarters, but no casualties were reported at that hour.

A mob of Irishmen gathered around the Fenian headquarters, on avenue A, and demanded the arms. Gen. Nutter refused to give them up. The mob then attacked the Fenian armory but were driven off by the police and a detachment of the 11th regiment.

At 2 P. M. reports were received that the troops were firing on the mob on avenue A and two soldiers had been killed.

The Harpers' building was attacked by the mob, who were repulsed.

It was reported that the rioters had pressed all conductors and drivers and many passengers on the 8th avenue railroad into their service and cut the telegraph wires on that avenue

Full Account of the Riot.

NEW YORK, July 12.—As early as 8 o'clock this morning crowds of Orangemen were collected around their headquarters, on the corner of 29th street and 8th avenue, from where the procession was to start. In the building on the corner, where two lodges hold their meetings, were gathered 150 or 200 members, together with a few women. Most of the men wore orange scarfs and had revolvers and swords about them. Four hundred policemen arrived about half-past 10 o'clock under lead of Inspectors Jameson and Walling, and placed one squad on 30th street and 8th avenue, another on 28th street and a small corps on 29th street, about half way down the block on both sides of the avenue, to prevent any not members of the Orange fraternity from entering the lines. Several persons representing themselves to be Orangemen were allowed to pass through but being rather suspicious looking were search by the police, and on about twenty found revolvers, pistols of all kinds, clubs and old rusty swords. From one man was taken a seven shooter, a loaded box of cartridges and a roll containing the names of nearly 100 volunteers who had got ready to do duty. Every few minutes arrests were made, and in almost every case fire arms were taken from the prisoners. A fellow, representing himself as a reporter, had furnished himself with a four shooter, ammunition and a club. He gave his name as McGinness, and was taken in charge together with his companion. Towards 2 o'clock the neighborhood of the Orange headquarters became intensely crowded, and the police had much difficulty in keeping the mob within bounds.

About half-past 2 the Orangemen formed on 29th street, below 8th avenue, and at the same time the 22d regiment, under Col. Porter, marched past and formed in line on 8th avenue, where they loaded with ball cartridges; next came the 6th regiment, which took up a position to the north of 22d street. The police were the east side of the street and the military on the west, and it would seem to be the intention to have the Orangemen march between the two files. They presented a very small appearance and did not number over 200.—They had two banners—one the Stars and Stripes, another bearing a picture of William of Orange on horseback and a small one with the inscription, "American Freeman, fall in." After waiting some time for a band of music it at last arrived and the line was formed. About this time the police stationed on the other side of the street made a rush on the mob and it was feared that a general row would take place. It was quieted and at 3 o'clock the signal for starting was given. The procession started and was twice attacked by rioters, who were quickly put to flight by the police. A large number of rioters were clubbed and taken prisoners.

The Slaughter Begins--Col. Fisk wounded--Capt. Spencer Killed and Lieut. Page Mortally Wounded.

At 26th street the 9th regiment charged the mob with fixed bayonets. Several persons were killed and wounded, among them one woman. Col. Fisk was shot through the ankle Capt. Spencer, of the 9th, was killed by his own men while firing a volley into the rioters. Lieut. Page, of the 9th regiment, and advertising agent of the Grand Opera House, was mortally wounded. Between 25th and 26th streets the mob fired three shots at the procession. The military returned the fire, killing 8 and wounding 13. Two boys and a lady were shot.

Sixteen Citizens and Three Soldiers

were killed coming down the avenue. At the corner of 23d street the 84th regiment fired upon the mob, killing and twelve. One policeman was shot dead.

Mayor Hall and Superintendent Kelso Denounced.

Merchants at the Produce Exchange this afternoon passed resolutions severely denouncing Mayor Hall and Superintendent Kelso for issuing the order forbidding the Orange parade and thanking Gov. Hoffman for the prompt manner in which he relieved the city from the odium of being governed by a rabble.

Prompt Action of the Police.

The police seized 200 stand of arms at the rooms of the Fenian Hall, 19 and 21 avenue A, and brought them to police headquarters. The mob did not wait to learn the business of the police but fled at their approach. About 300 men obtained arms from the Hibernia Hall and proceeded towards the west side of the city, no doubt intending to intercept the Orange procession. A large body of police were sent in pursuit of them. A man named Conrad Freeman was knocked down and beaten in a shocking manner. He was taken to the 14th precinct station house and attended by the police surgeon. The police, backed by the 84th regiment, made a raid on Hibernia Hall. The mob ran like sheep. A large number were arrested and locked up, revolvers and pistols being found upon their persons. The arms were removed by the 84th regiment and taken to the central office.

Rebels in the Ranks

William Hennessy and Patrick O'Grady, of the 6th precinct, refused to fight and their buttons were cut off and the men locked up.

The Streets Cleared.

Just before the Orange procession formed 300 Hibernians, all armed, with a loud cheer took possession of 29th street immediately opposite the police, who stood quietly waiting for orders. When the orders came the street was cleared in two minutes and the detachment marched quickly down 29th street toward 7th avenue and two others marched, one up and one down, 8th avenue and the Hibernians dispersed. No shots were fired but clubs were freely used. In an instant the streets were empty, every shop had its shutters up and nothing but policemen in sight with the exception of an intrepid photographer who adjusted his apparatus in view of the row.

Gen. Shaler at first advised the Orangmen not to bear banners, but finally told them to carry what they pleased. Orangemen then gave three cheers foa Gov. Randolph and three more for the Stars and Stripes. The Master then exhorted the brothers to keep the peace and maintain their dignity, and on no account retaliate for blows or insults while on the march; any brother behaving disorderly would be expelled from the order. The question then arose whether ladies should join the procession in carriages. The ladies were not afraid, but finally concluded to go home and wait the result. One brother was pointed out as well known to visit Catholics, and he was requested not to go out, for if he did there would surely be a riot. Thomas Bennett then offered a prayer for divine protection on this great day.

Gov. Hoffman, accompanied by several officials, drove up the avenue while the procession was moving up 8th avenue, notwithstanding the dark appearance around. Soldiers two deep lined the avenue for eight block, and thousands of policemen were also present. The pavements, windows and every mind of room was occupied by a dense

Atlantic & St. Lawrence Railroad.

ANNUAL MEETING

THE stockholders of the Atlantic & St. Lawrence Railroad Company, are hereby notified that their Annual Meeting will be held at the office of the Treasurer, in the Grand Trunk Railway Passenger Station, in Portland, on Tuesday, the 1st day of August, 1871, at 10 o'clock a. m., for the purpose of making choice of nine Directors for the current year, and for the transaction of any other business that may legally come before the meeting.

F. R. BARRETT, Clerk.

Portland, July 12, 1871. jy12 td

Notice of Foreclosure.

NOTICE is hereby given that Mrs. A. J. Falby conveyed to me by Mortgaged deed, dated April 12, A. D. 1869, a certain one and one half story house with shed attached, situated on the northerly side of Middle street, between Hampshire and Franklin streets, in Portland, said mortgage being recorded in Portland Registry of mortgages of Personal Property Book 16, Page 353, and that the conditions of said mortgaged are broken, hereby I claim a foreclosure of the same.

WILLIAM A. SABINE.

Dated this tenth day of July A. D., 1871.

MEDICAL.

SMOLANDER'S EXTRACT BUCHU

The great Diuretic Compound,

is a sure, quick remedy for all diseases of the Urinary Organs, existing either in male or female, as Irritation, Inflammation or Ulceration of the Kidneys and Bladder, Stone in Bladder, Gravel, Diabetes, Reddish Sediment looking like brick dust, Deposit in Urine, Diseases of Prostrate Mucous and Involuntary Discharges, Suppression, Retention or Incontinence of Urine from a loss of tone in the parts concerned in its evacuation, Thick, Cloudy Urine, Morbid Irritation of the Bladder and Urethra, Chronic Catarrh of Bladder, and all Chronic Maladies of the Urino-Genital Organs, Whites, Dropsy, Indigestion, Dyspepsia, Rheumatism, General Debility, Cutaneous Affections, etc.

SMOLANDER'S EXT. BUCHU is a remedy to be relied upon in all cases of great nervous exhaustion, with all its train of alarming symptoms, following from the abuse of Nature's laws, or youthful excesses and indiscretions in either sex, as Palpitation of Heart, Loss of Memory, Horror of Disease, Disinclination of Society, Sleeplessness, Listless and Depressed in Spirits, Weak and Peevish in Temper, the once vigorous mind becoming feeble and vacillating, your usual self confidence and energy gone, fond of Solitude; in fact, a general prostration of the whole system.

The constitution brought to this condition requires the aid of an invigorator to restore the system to that condition of health that is requisite for all functions to be natural.

SMOLANDER'S EXT. BUCHU will restore to that healthy condition.

Price of SMOLANDER'S EXT. BUCHU put up in a large bottle of a superior quality, and at a less price than any other in the market.

Price, $1; 6 bottles, $5. Sold by all Druggists and Dealers in Medicine everywhere.

Sale of Government Property

U. S. Custom House, Portland, Me., OFFICE OF SUPERINTENDENT, July 10, 1871.

SEALED PROPOSALS will be received at this office until 12 o'clock M of the 18th of July instant, for the purchase of the following described property of the United States, at Portland, Me.

1st. The Spacious Post Office Building on Federal between Exchange and Market streets, standing on land leased to the United States by W. H. Fessenden, Esq., Attorney for the "Deering Heirs." This building was framed in sections with view to future removal and measures 90 feet lineal on Exchange st, 62 feet on Federal and 104 feet on Market st, and embraces steam heating apparatus throughout, as well as gas and plumbing fitting, marble floor tile in vestibule, marble wash for double windows, post office boxes, standing and top cases, counters, desks and tables. Proposals may be made for the building alone or to include fixtures, or for the latter or any part of the same separate from the building; it is understood that the site must be cleared on or before the 30th of August next, at which time the present lease will expire.

2nd. The two Workshops on Market and Silver streets, on land owned by the City of Portland, measuring 71x27 feet and 56x27 feet, each two stories in height; together with the Stone Sheds near the same; and the blacksmith shop on Wine st. Separate proposals may be made for each building.

3d. The surplus Marble from the New Post Office building, amounting to about 260 cubic feet. 1400 purple Roofing Slate, 16x24 being about 30 squares of perfect slate. 200 lineal feet of Ladders; 1 Derrick Mast 38 feet long; 2 Spars 60 feet long; and a quantity of watch-tackle Blocks, double and single. Bids to be rendered separately for each item.

Communications should be endorsed "Proposals for public property," sealed and addressed to the undersigned, by whom the right is reserved to reject any or all bids if found for the interest of Government so to do.

J. H. COCHRANE,
Sup't U. S. Custom House, Portland, Me.

A STATE BOND

— AND —

Railroad Mortgage

BOTH IN ONE.

FIRST MORTGAGE

8 PER CENT GOLD BONDS

— OF THE —

Selma and Gulf Railroad Co

GUARANTEED BY THE STATE OF ALABAMA.

For Sale at 95 and Accrued Interest in Currency.

These Bonds are a First Mortgage upon a first-class completed Trunk Line of Railway extending from Selma, Ala., to Pensacola, Fla., the finest harbor on the Gulf. The payment of both principal and interest is guaranteed by the State of Alabama, whose currency obligations sell in the market at 104. The total direct debt of the State is only $6,000,000, and the indirect possible indebtedness, caused by its railway guarantees, amounts only to $8,500,000 making the maximum possible indebtedness of the State below $15,000,000, which sum is less that its debt in 1837, when an issue of bonds to the extent of $15,500,000 was made to establish a banking system, which debt was reduced by redemption to $4,000,000 in 1861, previous to the war. The taxable property of the State is now thrice what it was at that time, and the population more than double.

The Bonds offered are thus equally valuable either as a Railroad Mortgage or as a State Bond; and with the double security thus provided, we unhesitatingly recommend them as equal to any investment in the market.

Price. 95 and accrued interest.

All markable securities taken in exchange, free of Express charges.

Phamplets and Circulars furnished.

DR. J. B. HUGHES,

CAN BE FOUND AT HIS

PRIVATE MEDICAL ROOMS

No. 172 Cumberland Street,

WHERE he can be consulted privately, and with the utmost confidence by the afflicted, at hours daily, and from 8 A. M. to 9 P. M.

Dr. H. addresses those who are suffering under the affliction of private diseases, whether arising from impure connection or the terrible vice of self-abuse. Devoting his entire time to that particular branch of the medical profession, he feels warranted in GUARANTEEING A CURE IN ALL CASES, whether of long standing or recently contracted, entirely removing the dregs of disease from the system, and making a perfect and PERMANENT CURE.

He would call the attention of the afflicted to the act of his long standing and well-earned reputation furnishing sufficient assurance of his skill and success.

Caution to the Public.

Every intelligent and thinking person must know that remedies handed out for general use should have their efficacy established by well tested experience in the hands of a regularly educated physician, whose preparatory studies fit him for all the duties he must fulfil; yet the community is flooded with poor nostrums and cure-alls, purporting to be the best in the world, which are not only useless, but always injurious. The unfortunate victim of the PARTICULAR in selecting a physician, as it is lamentably yet a uncontroverted fact, that many syphilitic patients are made miserable with ruined constitutions by maltreatment from inexperienced physicians in general practice; for this point generally conceded by the best syphilographers, that the study and management of these complaints should engross the whole time of those who would be competent and successful in their treatment and cure. The inexperienced general practitioner, having neither opportunity nor inclination to make himself acquainted with their pathology, commonly pursues one system of treatment, in most cases making an indiscriminate use of that antiquated and dangerous weapon, the Mercury.

Have Confidence.

All who have committed an excess of any kind; he her it be the solitary vice of youth, or the stinging rebuke of misplaced confidence in maturer years, SEND FOR AN ANTIDOTE IN SEASON.

The Pains and Aches, and Lassitude and Nervous Prostration that may follow Impure Cotton.

are the Barometer to the whole system.

Do not wait for the consumption. It is sure to follow; do not wait for Unsightly Ulcers, for Disabled Limbs, for Loss of Beauty and Complexion.

How Many Thousands Owe Their Health to This by Unknown Experience!

Young men troubled with emissions in sleep,—a complaint generally the result of a bad habit in youth, cured scientifically and a perfect cure warranted or no charge made.

Hardly a day passes but we are consulted by one or more young men with the above disease, some of them are so weak and emaciated as to be thought they had the consumption, and by their friends are supposed to have it. All such cases yield to the proper and only correct course of treatment, and in a short time are made to rejoice in perfect health.

Middle-Aged Men.

There are many men of the age of thirty who are troubled with too frequent evacuations from the bladder, often accompanied by a slight smarting or burning sensation, and weakening the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and sometimes small particles of semen or albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and turbid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the

SECOND STAGE OF SEMINAL WEAKNESS.

I can warrant a perfect cure in such cases, and a full and healthy restoration of the urinary organs.

Persons who cannot personally consult the Dr., can do so by writing, in a plain manner, a description of their diseases, and the appropriate remedies will be forwarded immediately.

All correspondence strictly confidential and will be returned, if desired.

Address: DR. J. B. HUGHES,
172 Cumberland St., Portland.

Send a Stamp for Circular.

Electic Medical Infirmary

TO THE LADIES.

DR. HUGHES particularly invites all Ladies, who need a medical adviser, to call at his rooms, No. 1 Preble Street, which they will find arranged for their special accommodation.

Money Cannot Buy It,

For Sight is Priceless!

THE DIAMOND GLASSES,

Manufactured by

J. E. Spencer & Co., N. Y.

Which are now offered to the public, are pronounce by all the celebrated Opticians of the world to be the

MOST PERFECT

Natural, Artificial help to the human eye ever known.

They are ground under their own supervisi from minute Crystal Pebbles, melted together, and derive their name, "Diamond," on account of their hardness and brilliancy.

The *Scientific Principle* on which they are constructed brings the core or centre of the lens directly in front of the eye, producing a clear and distinct vision, as in the natural, healthy sight, and preventing all unpleasant sensations, such as glimmering and wavering of sight, dizziness, &c., peculiar to all others in use.

They are mounted in the best manner, in frames of the best quality of all materials used for that purpose.

Their finish and durability cannot be surpassed.

CAUTION.—None genuine unless bearing the trade mark stamped on every frame.

J. A. MERRILL & Co.,
139 Middle Street,

Jewelers and Opticians, are sole Agents for Portland, Me., from whom they can only be obtained. These goods are not supplied to Peddlers, at any price
